1303 Subpart F—Transportation

1303.71 Vehicles.

(a) *Required use of schools buses or allowable alternative vehicles.* A program, with the exception of [transportation services](#) to children served under a home-based option, must ensure all vehicles used or purchased with grant funds to provide transportation services to enrolled children are school buses or allowable alternate vehicles that are equipped for use of height- and weight-appropriate child restraint systems, and that have reverse beepers.

(b) *Emergency equipment.* A program must ensure each vehicle used in providing such services is equipped with an emergency communication system clearly labeled and appropriate emergency safety equipment, including a seat belt cutter, charged fire extinguisher, and first aid kit.

(c) *Auxiliary seating.* A program must ensure any auxiliary seating, such as temporary or folding jump seats, used in vehicles of any type providing such services are built into the vehicle by the manufacturer as part of its standard design, are maintained in proper working order, and are inspected as part of the annual inspection required under paragraph (e)(2)(i) of this section.

(d) *Child restraint systems.* A program must ensure each vehicle used to transport children receiving such services is equipped for use of age-, height- and weight-appropriate child safety restraint systems as defined in part 1305 of this chapter.

(e) *Vehicle maintenance.* (1) A program must ensure vehicles used to provide such services are in safe operating condition at all times.

(2) The program must:

(i) At a minimum, conduct an annual thorough safety inspection of each vehicle through an inspection program licensed or operated by the state;

(ii) Carry out systematic preventive maintenance on vehicles; and,

(iii) Ensure each driver implements daily pre-trip vehicle inspections.

(f) *New vehicle inspection.* A program must ensure bid announcements for school buses and allowable alternate vehicles to transport children in its program include correct specifications and a clear statement of the vehicle's intended use. The program must ensure vehicles are examined at delivery to ensure they are equipped in accordance with the bid specifications and that the manufacturer's certification of compliance with the applicable FMVSS is included with the vehicle.

1303.72 Vehicle operation.

(a) *Safety.* A program must ensure:

(1) Each child is seated in a [child restraint system](#) appropriate to the child's age, height, and weight;

(2) Baggage and other items transported in the passenger compartment are properly stored and secured, and the aisles remain clear and the doors and emergency exits remain unobstructed at all times;

(3) Up-to-date child rosters and lists of the adults each child is authorized to be released to, including alternates in case of emergency, are maintained and no child is left behind, either at the classroom or on the vehicle at the end of the route; and,

(4) With the exception of [transportation services](#) to children served under a home-based option, there is at least one bus monitor on board at all times, with additional bus monitors provided as necessary.

(b) *Driver qualifications.* A program, with the exception of transportation services to children served under a home-based option, must ensure drivers, at a minimum:

(1) In states where such licenses are granted, have a valid Commercial Driver's License (CDL) for vehicles in the same class as the vehicle the driver will operating; and,

(2) Meet any physical, mental, and other requirements as necessary to perform job-related functions with any necessary reasonable accommodations.

(c) *Driver application review.* In addition to the applicant review process prescribed §1302.90(b) of this chapter, a program, with the exception of transportation services to children served under a home-based option, must ensure the applicant review process for drivers includes, at minimum:

(1) [Disclosure](#) by the applicant of all moving traffic violations, regardless of penalty;

(2) A check of the applicant's driving record through the appropriate state agency, including a check of the applicant's record through the [National Driver Register](#), if available;

(3) A check that drivers qualify under the applicable driver training requirements in the state or tribal jurisdiction; and,

(4) After a conditional employment offer to the applicant and before the applicant begins work as a driver, a medical examination, performed by a licensed doctor of medicine or osteopathy, establishing that the individual possesses the physical ability to perform any job-related functions with any necessary accommodations.

(d) *Driver training.* (1) A program must ensure any person employed as a driver receives training prior to transporting any enrolled child and receives refresher training each year.

(2) Training must include:

(i) Classroom instruction and behind-the-wheel instruction sufficient to enable the driver to operate the vehicle in a safe and efficient manner, to safely run a [fixed route](#), to administer basic first aid in case of injury, and to handle emergency situations, including vehicle evacuation, operate any special equipment, such as wheelchair lifts, assistance devices or special occupant restraints, conduct routine maintenance and safety checks of the vehicle, and maintain accurate records as necessary; and,

(ii) Instruction on the topics listed in §1303.75 related to transportation services for children with disabilities.

(3) A program must ensure the annual evaluation of each driver of a vehicle used to provide such services includes an on-board observation of road performance.

(e) *Bus monitor training.* A program must train each bus monitor before the monitor begins work, on child boarding and exiting procedures, how to use child restraint systems, completing any required paperwork, how to respond to emergencies and emergency evacuation procedures, how to use special

equipment, child pick-up and release procedures, how to conduct and pre- and post-trip vehicle checks. Bus monitors are also subject to staff safety training requirements in §1302.47(b)(4) of this chapter including Cardio Pulmonary Resuscitation (CPR) and first aid.

1303.73 Trip routing.

- (a) A program must consider safety of the children it transports when it plans fixed routes.
- (b) A program must also ensure:
 - (1) The time a child is in transit to and from the program must not exceed one hour unless there is no shorter route available or any alternative shorter route is either unsafe or impractical;
 - (2) Vehicles are not loaded beyond maximum passenger capacity at any time;
 - (3) Drivers do not back up or make U-turns, except when necessary for safety reasons or because of physical barriers;
 - (4) Stops are located to minimize traffic disruptions and to afford the driver a good field of view in front of and behind the vehicle;
 - (5) When possible, stops are located to eliminate the need for children to cross the street or highway to board or leave the vehicle;
 - (6) Either a bus monitor or another adult escorts children across the street to board or leave the vehicle if curbside pick-up or drop off is impossible; and,
 - (7) Drivers use alternate routes in the case of hazardous conditions that could affect the safety of the children who are being transported, such as ice or water build up, natural gas line breaks, or emergency road closing.

1303.74 Safety procedures.

- (a) A program must ensure children who receive [transportation services are taught safe riding practices, safety procedures for boarding and leaving the vehicle and for crossing the street to and from the vehicle at stops, recognition of the danger zones around the vehicle, and emergency evacuation procedures, including participating in an emergency evacuation drill conducted on the vehicle the child will be riding.](#)
- (b) A program that provides transportation services must ensure at least two bus evacuation drills in addition to the one required under paragraph (a) of this section are conducted during the program year.

1302.90 Personnel policies.

(b) *Background checks and selection procedures.* (1) Before a person is hired, directly or through contract, including transportation staff and contractors, a program must conduct an interview, [verify](#) references, conduct a sex offender registry check and obtain one of the following:

- (i) State or tribal criminal history records, including fingerprint checks; or,
 - (ii) Federal Bureau of Investigation criminal history records, including fingerprint checks.
- (2) A program has 90 days after an employee is hired to complete the background check process by obtaining:
- (i) Whichever check listed in paragraph (b)(1) of this section was not obtained prior to the date of hire; and,

(ii) Child abuse and neglect state registry check, if available.

(3) A program must review the information found in each employment application and complete background check to assess the relevancy of any issue uncovered by the complete background check including any arrest, pending criminal charge, or conviction and must use Child Care and Development Fund (CCDF) disqualification factors described in 42 U.S.C. 9858f(c)(1)(D) and 42 U.S.C. 9858f(h)(1) or tribal disqualifications factors to determine whether the prospective employee can be hired or the current employee must be terminated.

(4) A program must ensure a newly hired employee, consultant, or contractor does not have unsupervised access to children until the complete background check process described in paragraphs (b)(1) through (3) of this section is complete.

1302.47 Safety practices.

(4) *Safety training.* (i) *Staff with regular child contact.* All staff with regular child contact have initial orientation training within three months of hire and ongoing training in all state, local, tribal, federal and program-developed health, safety and child care requirements to ensure the safety of children in their care; including, at a minimum, and as appropriate based on staff roles and ages of children they work with, training in:

(A) The prevention and control of infectious diseases;

(B) Prevention of sudden infant death syndrome and use of safe sleeping practices;

(C) Administration of medication, consistent with standards for parental consent;

(D) Prevention and response to emergencies due to food and allergic reactions;

(E) Building and physical premises safety, including identification of and protection from hazards, bodies of water, and vehicular traffic;

(F) Prevention of shaken baby syndrome, abusive head trauma, and child maltreatment;

(G) Emergency preparedness and response planning for emergencies;

(H) Handling and storage of hazardous materials and the appropriate disposal of biocontaminants;

(I) Appropriate precautions in transporting children, if applicable;

(J) First aid and cardiopulmonary resuscitation; and,

(K) Recognition and reporting of child abuse and neglect, in accordance with the requirement at paragraph (b)(5) of this section;
